UCLA CENTER FOR COMMUNITY COLLEGE PARTNERSHIPS

CCCP SCHOLARS PROGRAM 2018-2019

Program Information

UCLA's Center for Community College Partnerships (CCCP) presents the CCCP Scholars Program. The goal of the program is to motivate, inform and prepare students to transfer from a California community college to selective Top Tier Research institutions such as UCLA. Students in the program have access to our summer and year-long academic preparatory transfer programs which guide students through the community college experience, the application and admissions process, research and pre-graduate opportunities, and career exploration. CCCP Scholars have a higher rate of admission to selective institutions and are eligible for special scholarships. The program is grounded on academic excellence, social justice, and educational equity.

Target Participants

CCCP Scholars are students who may:

- be the **first in their family** to go to college
- come from **low-income** backgrounds
- and/or be from **underserved** communities
- Have recently graduated from **high school** and plan to enroll in a community college in the fall **OR** students currently attending **community college** who have not yet completed a transfer curriculum at the time of application
- show **potential** for transfer success
- are **non-traditional** students who have faced challenges in their academic career

How to Apply

- 1) Review requirements and select a summer program
- 2) Complete Transfer Admission Planner at www.uctap.universityofcalifornia.edu (CCCP will verify completion before continuing to review your application)
- 3) Complete online application, including appropriate short answer essays
- 4) Submit electronic recommendation form, if required

Students must be residents of California or the US (including AB540/undocumented students); international students who hold a current US Visa (F1 or other visa) are not eligible.

NOTE FOR RETURNING SCHOLARS:

If you are a current or former CCCP Scholar, you must **RESUBMIT** a new application and update the Transfer Admission Planner (the recommendation form is waived). Additionally, you will need to attend **SITE LITE** if you are not applying to or selected for another summer program.

Returning scholars will be selected if they have completed their previous CCCP Scholars agreement successfully.
