

Los Angeles Valley College

Vocational Education – *Free!*

Introduction to Insurance (VOC ED 423CE)

Fundamentals of Insurance (VOC ED 424CE)

Who Should Enroll?

Insurance is one of the fastest-growing businesses and if you might be considering an insurance career – whether in sales, administration, adjusting, underwriting, being an agent or agent trainee – or are simply interested in learning about the insurance industry, you should consider these free courses. We start with the fundamentals of insurance, and then progress to property/casualty insurance, and then move on to the life, health and reinsurance markets, all with a focus on providing instruction that facilitates preparing you to progress to a career in the insurance field.
