1ST EDITION

TRANSFERGUIDE 2018-2019

CALIFORNIA'S INDEPENDENT COLLEGES & UNIVERSITIES

California Colleges and Universities (AICCU). AICCU serves as the collective voice for California's independent, nonprofit colleges and universities.

OUR MISSION IS TO ADVOCATE FOR EXCELLENCE AND CHOICE IN HIGHER EDUCATION FOR ALL STUDENTS.

WHAT TYPES OF COLLEGES ARE THERE?

PUBLIC COLLEGES

Public colleges are supported by public money, predominantly state government and taxpayers. In California, there are the California State University system, the University of California system and the California Community Colleges.

PRIVATE COLLEGES

Independent, nonprofit colleges receive no public money, relying on tuition, fees, and private funding sources. Each has its own unique mission to serve students. There are over 80 private colleges in California, all profiled in this guide.

3 FOR-PROFIT COLLEGES

For-profit colleges are profit-making businesses with owners and shareholders. Generally, they prepare students for specific careers.

IN FACT, IT'S NEVER BEEN MORE WORTH IT.

COLLEGE IS

WORTH IT.

College graduates earn \$1+ million more than high school graduates over their careers.

The wage gap between college and high school graduates has never been greater. College grads earn about an additional \$19,450 or 39% more per

Unemployment for college graduates is significantly lower than for non-grads in both economic good times and bad.

AND THE BENEFITS GO BEYOND **DOLLARS AND CENTS.**

College grads are more likely to be "very satisfied" with their work. They're more likely to enjoy better health and not smoke; more likely to vote and know about issues facing our country; and more likely to volunteer and be involved in their communities.

KEEPING THE PROMISE OF ACCESS, SUCCESS, AND AFFORDABILITY

WHY CHOOSE A PRIVATE COLLEGE?

PERSONAL ATTENTION

That's what California's private colleges and universities are all about -- small class sizes, high quality academics, opportunities for involvement and leadership in campus activities, and strong learning and living communities.

2 GENEROUS FINANCIAL AID

More than 70 percent of AICCU students receive financial assistance directly from the colleges themselves and/or state and federal grants.

3 HIGH GRADUATION RATES

California's private colleges have some of the state's highest four-year graduation rates.

4 SUCCESS AFTER GRADUATION

AICCU graduates enjoy high placement rates into careers and graduate schools. And they continue to do well because their education gives them the liberal arts skills that employers cite as keys to success -- critical thinking, problem solving, communication, teamwork, creativity, and the capacity for life-long learning.

For additional copies, go to aiccu.edu or call (916)446-7626.

CAN IAFFORD 7 A PRIVATE COLLEGE

Don't take yourself out of the game by ruling out a particular college or university based on solely on overall tuition. Unless you apply and find out what sort of financial aid is available to you, you'll never know if you could have attended your first-choice college.

ALWAYS FILE FOR FINANCIAL AID & COMPLETE THE FAFSA.

The FAFSA is the Free Application for Federal Student Aid, and you should apply even if you think you may not qualify for financial aid. It is required to be considered for almost every type of assistance. And to be eligible for state aid from California, be sure to complete the FAFSA by the March 2 deadline.

KNOW THE DIFFERENCE BETWEEN "NET PRICE" & "STICKER PRICE."

While the overall tuition, or "sticker price," of a private college is higher than that of a public one, once all types of financial aid are factored in, the actual "out-of-pocket" expense of a private college is often about the same or sometimes even less.

THE TRUTH ABOUT STUDENT DEBT.

If you pay attention to the news, you're sure to have heard or seen the reports about students being "buried" in student debt. This is not the reality of student debt at private colleges in California.

The average amount of money borrowed for college by California students varies little by public or private (nonprofit) institution. Graduates of California colleges have an average student loan debt of \$29,400, about the same cost as a new mid-size car. Plus, graduates of California private colleges do best when it comes to repaying their student loans, having low default rates.

GRADUATING IN FOUR YEARS IS IMPORTANT.

Taking an extra year or two to complete a bachelor's degree could end up costing a student thousands of dollars in additional tuition and interests on loans, as well as missed income and retirement benefits.

DO THE MATH.

It's surprising to many families to learn that California's private
 colleges -- with their higher sticker prices -- provide students with not only better academic outcomes, but also better economic
 return on investment.

California's private colleges and universities offset tuition and reduce costs with significant financial aid.

Students at AICCU colleges have some of the state's highest four-year graduation rates, meaning no fifth or sixth year of college costs.

Entering the workforce earlier means you are earning money, not spending or borrowing more money for college.

KNOW THE TYPES OF FINANCIAL AID.

1 GRANTS & SCHOLARSHIPS
"Gift aid" that does not need to be repaid.

2 CAL GRANT

The state of California awards grants to California students based on financial need. These may be used at public or private colleges. For example, a first-year student at one California's private colleges may be eligible to receive up to a maximum of \$9,084 in state aid.

3 FEDERAL PELL GRANT

The federal government also awards aid based on family income. The maximum Pell grant is now \$6,095 per year. In addition, students may qualify for Work-Study, meaning that you will be able to work on campus and get paid.

4 INSTITUTIONAL AID

AICCU colleges regularly award students grants and/or scholarships based on financial need, as well as academic and other special abilities, such as in fine arts or athletics. The average institutional grant at California private colleges is more than \$15,000 per year.

5 OTHER SCHOLARSHIPS

Many outside scholarships are also available through community foundations, corporations, employers, or other organizations.
Resources for locating these include: guidance counselors, community foundations, and websites like the College Board and FastWeb.

6 BORROWED AID

College loans are available through the federal government, as well as private sources such as banks. Take advantage of all federal loans first; they typically have the lowest interest rates and added consumer protections.

TIME TO VISITA COLLEGE.

After reading through this guidebook and identifying which colleges you are most interested in, contact them to set up a visit. There's no substitute for experiencing a college firsthand and discovering if it's the best fit for you.

CHECKLIST: WHAT TO ASK ON YOUR COLLEGE VISIT.

What academic programs on campus are most popular?
What is the average financial aid package?
Are there work study opportunities?
How many students do internships?
What careers services are available on campus?
Are any tutoring options offered?
What student organizations are on campus?
Are there opportunities to study abroad?
What are the different dining options?

BRANDMAN UNIVERSITY

Established in 1958, Brandman University is a private, non-profit university accredited by the Western Association of School and Colleges (WASC) and a member of the Chapman University System. Formerly named Chapman University College, Brandman's original purpose was delivering high quality education to the El Toro Marine Corps Air Station. Responding to growing demand, the college became Brandman University, a separate accredited institution. Brandman University provides quality education to primarily non-traditional students and adult learners who demand the same high academic standards as a traditional university, but whose needs require greater flexibility and relevance in program delivery and learning assessment. Brandman offers over 50 undergraduate, graduate, credential, and certificate programs at nearly 30 campus locations throughout California and Washington, and nationally through its top-ranked online campus.

CHARLES R. DREW UNIVERSITY OF MEDICINE AND SCIENCE

Charles R. Drew University of Medicine and Science (CDU) is a private, nonprofit, community-founded, student-centered University committed to cultivating diverse health professional leaders who are dedicated to social justice and health equity for underserved populations through outstanding education, clinical service and community engagement. CDU benefits from the diversity of South Los Angeles, creating an academic environment unlike any other. The "CDU Advantage," a curriculum based on research, social justice, international exposure, experiential education, and health policy, gives graduates solid preparation to practice in their chosen field of healthcare, and a true understanding of health disparities, health policy and social justice. CDU is named after Dr. Charles R. Drew, a brilliant, pioneering African-American physician who overcame long odds and racism in the early 20th century to produce seminal work on blood banking and blood plasma storage and transfusion. His dedication to learning and sharing knowledge is the inspiration for the University.

THE CHICAGO SCHOOL OF PROFESSIONAL PSYCHOLOGY

The Chicago School of Professional Psychology (TCSPP) is a nonprofit, regionally accredited institution by the Western Association of Schools & Colleges Senior College and University Commission (WSCUC). TCSPP has more than 4,300 students at campuses in Southern California, Chicago, Dallas (Fall 2018), Washington, D.C., and Online. TCSPP was established in 1979 and has been an innovator for nearly 40 years, evolving to become one of the leading graduate schools in psychology, and related behavioral health sciences. TCSPP offers more than 20 programs and a wealth of opportunities for students to gain hands-on experience locally and nationally through internships and practicums, and also international experiences through study abroad and field placements. Integrating theory, professional practice, and innovation, TCSPP provides an excellent education for careers in psychology, and related behavioral health sciences, is committed to service, and embraces the diverse communities of our society.

CLAREMONT MCKENNA COLLEGE

Claremont McKenna College (CMC), one of the nation's top liberal arts colleges, prepares students to make a difference. The College educates students for thoughtful and productive lives and roles of responsible leadership through its strong, real-world mission. Admission to the College is need-blind and emphasizes the demonstration of leadership accomplishments. The College attracts a student body that is broadly diverse and accomplished beyond the classroom. Located on a scenic, tree-lined residential campus 30 miles east of Los Angeles, CMC is a member of The Claremont Colleges, a seven-college consortium modeled after Oxford University. CMC students choose from more than 2,200 classes and participate in co-curricular activities with 7,000 other students at The Claremont Colleges. Students have the best of both worlds: the intimacy of a small residential college with small classes and a student-faculty ratio of nine to one, and the shared resources of a larger research university.

GOLDEN GATE UNIVERSITY

Golden Gate University (GGU) is California's fourth oldest private university. The university's main campus is located in San Francisco, with additional teaching sites in Seattle, Silicon Valley and Los Angeles. In addition to evening and weekend classes, most courses and degrees are offered entirely online. Today, Golden Gate University continues as a pioneer of adult education in business and management, accounting, taxation, and law. As always, GGU emphasizes hands-on learning taught by professionals practicing in the field. GGU prepares individuals to lead and serve by providing high-quality, practice-based educational programs in law, taxation, business and related professions - as a nonprofit institution - in an innovative and challenging learning environment that embraces professional ethics and diversity.

HARVEY MUDD COLLEGE

A small private liberal arts college of math, science, and engineering, Harvey Mudd College was the fourth undergraduate member of The Claremont Colleges. It is located in Claremont, California, a suburb 35 miles east of Los Angeles. With 850 students, it is the smallest of The Claremont Colleges, and offers only 10 majors, all in math, science, and engineering. Students complete a Common Core, which includes courses from every major, as well as academic writing and critical inquiry. Students must also take a substantial amount of coursework in the Humanities, Social Sciences, and Arts at the College or within the consortium.

LIFE PACIFIC COLLEGE

Life Pacific College (LPC) is a WSCUC and ABHE accredited institution of biblical higher education existing for the transformational development of students into leaders prepared to serve God in the Church, the workplace, and the world. The college has been educating leaders since 1923 and enrolls nearly 700 students in traditional undergraduate, non-traditional, and graduate programs. The college offers NAIA intercollegiate athletics and dynamic degrees in business, ministry, biblical studies, communication, human development and psychology, worship arts and media, and strategic leadership, all taught from a spirit-filled, pentecostal perspective. We believe that a biblically centered-education is transformative and will prepare students for effective careers and fruitful ministry within the church and the marketplace. With a concentration of outstanding faculty, high quality academics, preparation for careers, global experiences, and competitive tuition, LPC ensures that each student will be equipped to live out their bold dreams.

MENLO COLLEGE

Menlo College is a small private undergraduate college that focuses on the practical arts of business in the entrepreneurial economy. A residential college in the heart of Silicon Valley, just outside San Francisco, Menlo College offers degrees in business and psychology. Our students come from all over the world to learn the practical arts of business, including leadership, critical thinking, creativity, team building, communication, and the science of behavior. We take advantage of the strong entrepreneurial community around us and require an internship which may be taken at one of the many companies and incubators with which we have partnerships. We are very proud of our intimate and engaged student community, fueled by our spirited and competitive athletics program.

MOUNT SAINT MARY'S UNIVERSITY

Established in 1925, Mount Saint Mary's University is nationally recognized for its academic programs and its focus on preparing the next generation of citizen leaders. As a Catholic university primarily for women, we are dedicated to providing a superior education enhanced by an emphasis on building leadership skills and fostering a spirit to serve others. The traditional baccalaureate program is offered at the Chalon Campus in West Los Angeles. First-year and transfer students are welcome to apply for admission. Baccalaureate, associate degree, weekend/evening, and graduate programs are offered at the Doheny Campus near downtown Los Angeles. Adult nursing programs also are housed on the Doheny campus. With average undergraduate class sizes of 15 and a student-to-faculty ratio of 11:1, a Mount Saint Mary's education provides maximum personal attention.

NATIONAL UNIVERSITY

National University (NU) is a San Diego-based nonprofit, founded in 1971 by retired U.S. Navy Lt. Cmdr. David Chigos. As the largest private nonprofit university in San Diego, our mission is to provide accessible, achievable higher education to adult learners. A pioneer in the digital space, we have offered online classes for more than 20 years. Today, we educate students across all 50 states and from 65 countries, offering over 100 on-campus and online programs through our unique four-week class format. Our undergraduate and graduate programs include healthcare, business, education, engineering, law, and criminal justice, and homeland security. Classes are available online or at over 20 locations in California and Nevada. As the top educator of educators in California, we have credentialed more teachers than any other California university. At NU, we are committed to serving those who serve, by offering military tuition discounts and scholarships for military personnel and their dependents.

OCCIDENTAL COLLEGE

Founded in 1887, Occidental College, a nationally-recognized private college, fully integrates the liberal arts and sciences with the cultural and intellectual resources of the dynamic city of Los Angeles. Our curriculum is centered on an interdisciplinary, intercultural education and is enhanced by a highly engaged community of students. Students benefit from our small-classroom environment with stimulating faculty, who take their teaching as seriously as their research. With more than 40 majors and minors; exemplary, one-of-a-kind programs such as the Kahane United Nations Program and Campaign Semester; and our emphasis on research through the Undergraduate Research Center and senior comprehensives, Occidental provides its students with a compelling intellectual adventure. Academic rigor is enhanced by internships and community partnerships across Los Angeles. Uncommonly inclusive and consciously collaborative, our students seek to embrace difference and make a difference in the world. Students graduate from Occidental as strategic thinkers and effective communicators. It's an education that is Distinctly Oxy.

PACIFIC OAKS COLLEGE

Rooted in the extraordinary potential that lives in every human being, Pacific Oaks offers an environment where your perspective and experience can play an integral part in your educational journey. Through our unique progressive approach to teaching and learning, everyone in our classrooms is both student and teacher. Students relate subjects to their own personal experiences—sharing with the teacher and fellow students. From this unique pedagogy, you will learn from sharing your experiences as well as hearing those of your fellow classmates.

PALO ALTO UNIVERSITY

Palo Alto University (PAU) is a private, nonprofit educational institution, founded in 1975 as the Pacific Graduate School of Psychology (PGSP), an independent, professional school. PGSP was first accredited in 1986 by the regional accrediting body, the Western Association of Schools and Colleges. It has been continuously accredited since then. PGSP re-incorporated as Palo Alto University in August 2009. PAU is dedicated to education with an emphasis in the behavioral and social sciences; to promoting future innovators and leaders for the benefit of society; to generating knowledge through research and scholarship of the highest level; and to providing services to the community informed by science and scholarship.

PEPPERDINE UNIVERSITY

Pepperdine University is a Christian University, with the main campus located in picturesque Malibu, California. The university seeks to prepare its students to lead lives of purpose, service, and leadership. Undergraduate students attend Seaver College, where they receive a quality liberal arts education with 45 majors, 37 minors, a student to faculty ratio of 13:1, and average class size of 19 students. Pepperdine undergraduates can be among the 85% of the students that study abroad at one of the university's seven locations around the world. A vibrant student life on campus includes community service, spiritual programming, athletics, fine and performing arts, Greek life, culture clubs, and more. 94% of students participate in internships, student teaching, off-campus employment, or undergraduate research, and 87% of graduates are employed, accepted to graduate school, volunteering full time, or in the military 6 months after graduation.

POMONA COLLEGE

Established in 1887, Pomona College is a private liberal arts college in Claremont, California. We offer a comprehensive curriculum, with 48 majors in the arts, humanities, social sciences and natural sciences. Pomona is one of a handful of institutions that practice need-blind admissions and meets 100% of students' financial need. One of the premier liberal arts colleges in the nation, Pomona is a close-knit and diverse community of accomplished scholars, scientists, entrepreneurs and artists who are passionate about making a difference in the world. With a student-faculty ratio of 8 to 1, our students work closely with their professors. And our location—within an hour of Los Angeles and the mountains, desert and beaches—provides countless opportunities for field study, research and internships. There are over 1,700 students who come from 63 nations (as well as the District of Columbia, Guam and Puerto Rico) and all 50 United States.

PROVIDENCE CHRISTIAN COLLEGE

As the only remaining Reformed college on the West Coast, Providence Christian College provides an education based in a deep conviction to God's word within a community of believers. Here, faith is an integral and essential component of the education - in every subject. We call it Faith Guided Learning(TM) because the Scriptures give purpose and freedom to learning. A Providence education does this with a rigorous emphasis on both experiential and classroom learning, in a small college environment, paired with immersion experiences in the arts, sciences, and culture of Los Angeles through our flagship Avodah Experiential Learning program.

SAINT MARY'S COLLEGE OF CALIFORNIA

The Saint Mary's College of California experience inspires learning that lasts a lifetime. For more than 150 years, the College has provided students with a rigorous education that engages their intellect and spirit, and awakens a desire to transform society. Guided by the Christian Brothers, the Catholic Church's oldest order dedicated exclusively to teaching, the College enrolls nearly 4,000 students in undergraduate and graduate liberal arts and business programs. Located in the rolling hills of the Moraga Valley, it is just 23 miles east of San Francisco.

SAN FRANCISCO CONSERVATORY OF MUSIC

At the San Francisco Conservatory of Music (SFCM), we give students the framework and foundation to succeed throughout their studies and careers, creating a path of lifelong learning. More than any other world-class conservatory, we focus on educating the whole person, with an interconnected curriculum that breaks down barriers between the intellectual, artistic, professional, and individual. Our faculty, facilities, and position, at the heart of the San Francisco music scene, have helped SFCM seize a leading role in preparing—and defining—the 21st-century musician.

SCRIPPS COLLEGE

Scripps College was founded in 1926 by newspaper entrepreneur and philanthropist Ellen Browning Scripps. Scripps today offers a rigorous interdisciplinary curriculum, a robust intellectual community, a commitment to diversity and inclusion, and a rich residential experience designed to shape the next generation of leaders. The mission of Scripps College is to educate women to develop their intellects and talents, through active participation in a community of scholars, so that as graduates they may contribute to society, through public and private lives of leadership, service, integrity, and creativity.

UNIVERSITY OF REDLANDS

Students at the University of Redlands, a private, nonprofit university in Southern California, explore their passions and potential, through a personalized living and learning experience. The University—founded in 1907, includes a beautiful, historic 160-acre residential campus. Redlands offers more than 50 undergraduate programs and blends liberal arts and sciences with pre-professional programs, applied and theoretical study, traditional majors, and self-designed contracts for graduation. Small classes enable each student to participate in class discussion, to work closely with professors, and to receive extensive individual attention. Welcoming intellectually curious students of diverse religious, ethnic, national and socioeconomic backgrounds, the University of Redlands seeks to develop responsible citizenship as part of a complete education.

UNIVERSITY OF SAINT KATHERINE

The Mission of the University of Saint Katherine is: to provide a balanced education in the liberal arts and sciences, founded and rooted in the life of the Orthodox Christian Tradition – Inquiry Seeking Wisdom. Saint Katherine is a nationally-recognized university of arts and sciences that focuses its integrated, interdisciplinary teaching in the core areas of Composition, English Language and Literature, American Government and History, Economics, Business, and the Sciences, as part of an innovative approach to general education. Students may complete degree (BA/BS) programs in eleven concentrations, pre-professional studies (health sciences and graduate studies), and PK-12 teacher credentialing preparation. Outstanding teaching and research – with relevance to the practical world and Christian witness as guiding principles – is our primary aim. University of Saint Katherine is not-for-profit, WSCUC-accredited, independent, coeducational, and privately endowed.

UNIVERSITY OF SAN DIEGO

The University of San Diego (USD) sets the standard for an engaged, contemporary Catholic university, where innovative change makers confront humanity's urgent challenges. USD's values are reflected in the University's rich Catholic intellectual tradition as well as its commitment to the liberal arts, which together ensure that its community of scholars are educated wholly — intellectually, physically, spiritually, emotionally, socially, and culturally. USD provides a character-building education that fosters independent thought, innovation, integrity, analytical thinking, and an open-minded, collaborative world view. The university welcomes and respects those whose lives are formed by different traditions, recognizing the importance of varying perspectives in contributing to a pluralistic society and fostering an atmosphere of open discussion and discovery.

UNIVERSITY OF SAN FRANCISCO

The core mission of the University of San Francisco is to promote learning in the Jesuit Catholic tradition. The university offers undergraduate, graduate, and professional students the knowledge and skills needed to succeed as persons and professionals, and the values and sensitivity necessary to be men and women for others. The university will distinguish itself as a diverse, socially responsible learning community of high quality scholarship and academic rigor, sustained by a faith that does justice. The university will draw from the cultural, intellectual, and economic resources of the San Francisco Bay Area and its location on the Pacific Rim to enrich and strengthen its educational programs.

UNIVERSITY OF THE PACIFIC

Founded in 1851, University of the Pacific is the oldest chartered university in California, and it has been consistently ranked as one of the top academic universities and most beautiful campuses in the country. We boast outstanding faculty members across more than 80 programs of study, and they are there for students every step of the way. With a student-to-faculty ratio of 12:1, small class sizes and personal attention are two enormous benefits of a Pacific education. Our professors are also recognized for their innovative research and creative endeavors, in which Pacific students are encouraged to participate. Unique accelerated and pre-professional programs, as well as honors programs, which broaden the learning experience. Students can also take advantage of enriching opportunities outside the classroom, including a robust study abroad program, 12 Greek organizations, 18 NCAA Division I teams, 150 student clubs and organizations, and much more.

WHITTIER COLLEGE

Whittier College is a nationally respected college of the liberal arts and sciences, providing its students with big advantages that come from being small and personal. We are located in a beautiful location, between Los Angeles and Orange County, full of opportunities for research, exploration and community engagement. We are nationally recognized for our diverse campus community and we have an impressive record of preparing our students for success. At Whittier, we believe that instead of preparing our students for something, why not prepare them for anything? Our students begin their careers the moment they meet with their advisor to schedule classes. We pride ourselves in knowing that our Whittier graduates do not only earn their degrees through coursework that is challenging, but leave here with a resume and curriculum vitae that is competitive, demonstrating their abilities and preparedness for any career.
