WHAT'S GOING ON SPRING 2022 AT THE ARC?

ONLINE TUTORING & WORKSHOPS

We have real-time, live online College Reading & Learning Association (CRLA) trained tutors available via chat, audio, or video using innovative software like Penji, Discord, or Zoom. Click here for more information on how to access our services.

General Tutoring Center: help with Statistics 100, 101, Chemistry, Physics, Music, Accounting, Spanish, and more. Click here for more info

Math Lab: help with homework assignments and test preparation for all levels of math classes. Click here for more info

Writing Center: help with writing for English and ESL, and ANY class with a writing assignment through live tutors or email submissions. Click here for more info

• Weekly workshops for Math and English led by LAVC Professors!

Workshops provide extra support on notoriously difficult topics like "Linear Models, Quadratic Functions, Quadratic Inequality," or "Paragraph Structure and Unity through Transitions."

For more information click here to check out the workshop calendar

ON THE WEB & IN-PERSON

Check out the ARC's website for more information on our many services, our latest updates, & other helpful resources. LAVC.edu/arc

You can also find us on social media #LAVCARC

The Computer Commons Lab, located in the Library and Academic Resource Center (LARC) room 234 on the 2nd floor of the library, is an open computer lab that offers a wide variety of software, internet access, printing, scanning, and copy services. The lab is open in-person for spring 2022 (with county mandated guidelines for safety)!
Click here for more information

In-person Info Desk is open in LARC 213, also on the 2nd floor of the library. This is a place to ask quick questions about our services. It is also available via phone at 818-947-2744. Click here for more information.

Embedded Tutoring

This spring we are happy to have embedded tutors in select English, Math, Statistics, and Chemistry/Physics courses! Embedded tutors integrate into the class, so they understand the lessons and projects specific to that course. They also have special availability set aside for students in their embedded course.

Handouts

Some of the additional resources on our website include instructional handouts created by our tutors and proofed by our staff. They give practical advice on common topics like Taking Notes, Thesis Statements, and MLA Format. Click here to check out our handouts.

Taking Notes
In this handout we will discuss note taking. Note taking is extremely important in college. We will cover some note taking methods and helpful note taking tips.

When to take Notes:
It is scientifically proven that when people take hand-written notes, they are more

nettutor

When students need help outside of the ARC's hours, or for subjects not covered by the ARC, NetTutor is another great online tutoring resource for students. NetTutor is a a third-party company that can be accessed from a student's Canvas page. Click here for more information.
