COURSE DESCRIPTION: This course is a cultural survey which includes a study of the literature, philosophy, music, painting, architecture and sculpture of the 18th, 19th and early 20th centuries in western Europe and North America, in terms of the ideas and basic needs which stimulated the artists and thinkers and the contributions of their work toward the development of contemporary society.

ONLINE REQUIREMENTS: In order to succeed in any online course, you must have a reliable PC or Mac, personal email address, Internet access with a reliable web browser, a word processing program such as Microsoft Word, and have some basic computer skills including how to attach files to emails for this class.

Computer “malfunctions” are not acceptable reasons for incomplete assignments or missed deadlines. Back-up computers are available at West Los Angeles College, and many public libraries.
